**Bidhannagar, Salt Lake City, Kolkata 700091**

No. 01-(W)/2018-19

Dated, 29<sup>th</sup> May, 2018

**Notification**

Block-wise list of Ex-zamindary embankments of total length 519.89 km in the Paschim Medinipur district have been received from the District Magistrate, Paschim Medinipur located along different rivers or channels. 408.54 km of Ex-zamindary embankments are within the jurisdiction of Executive Engineer, West Midnapore Division at present and rest 111.35 km under the working jurisdiction of the Executive Engineer, K.K.B. Project Division of Irrigation & Waterways Directorate.

Out of 408.54 km of Ex-zamindary embankments within the territorial jurisdiction of West Midnapore Division, 158.93 km is along river Silabati, within Chandrakona-I & II blocks which becomes inaccessible during heavy rains from nearest Ghatal Sub-Divisional office due to inundation of connecting roads.

With the present infrastructure of West Midnapore Division, it is extremely difficult to manage the floods and take up anti-erosion works in 408.54 km of Ex-zamindary embankments.

Considering the difficulties stated above, the Government in the Irrigation & Waterways Department has decided to transfer the Ex-zamindary embankments under Chandrakona-I & II Blocks of length of 158.93 km (as per list at Annexure-I) at the disposal of Kangsabati Canals Division No. I, Amlagora of Kangsabati Circle-II as controlling authority in order to ensure more

effective monitoring and smooth supervision of works due to its advantage of geographical proximity of working zones. There would be no transfer of staff due to such change of working jurisdiction.

Encl: As stated.

By Order of the Governor
