4. **Chief Engineer (West)**
Irrigation & Waterways Directorate
5. **Chief Engineer (Teesta Barrage Project)**
Irrigation & Waterways Directorate

Sub: **Identification of 13 nos. of old projects approved administratively out of Core State Plan Voted Budget of this Department during 2013-14 & 2014-15 as Non-Starter Projects.**

The undersigned is directed to say that 22 nos. of schemes were approved administratively during 2013-14 & 2014-15 under Core State Plan Voted Budget of this Department in those financial years were primarily identified as non-starters /slow starters in the Departmental Review Meeting held on 16.09.2016 which was chaired by Hon'ble MIC of this Department.

The concerned Chief Engineers were requested vide this Department's No. 201(6)-IB dated 21.09.2016 to furnish scheme wise justifications for slow progress even after the financial sanction period of the projects contained in the Administrative Approval Order has long been lapsed. The relevant reports have been obtained from the concerned officials. It is seen from the said reports that out of the aforesaid 22 projects, 13 nos. of projects have not been tendered as yet, even after passing of more than financial years. In the intervening time, the ground situation, schedule of rates and other criteria have changed to a great extent.

Now, the undersigned is directed to say that the aforesaid 13 nos. of projects as detailed in the Annexure to this Order, all of which were approved administratively long back are now declared as Non-Starter projects and are hereby dropped. The concerned Chief Engineer, Superintending Engineer and Executive Engineer shall not proceed any further relating to implementation of these 13 nos. of projects based on the old Administrative Approval orders accorded earlier.

This Order is being issued on the basis of recommendation of Financial Advisor of this Department and approval of highest authority in this Department.

All concerned are being informed.

Sd/-
A Ghosh
Deputy Secretary to the
Government of West Bengal
