Jalasampad Bhavan, 3rd Floor, Western Block
Salt Lake City, Kolkata 700091.**

Memo No.: 112 -IFC
IW/O/IFC-4M-04/18

Date : 02.04.2019

CIRCULAR

With a view to control vector-borne diseases within the State specially in Kolkata and its adjoining urban agglomeration, adequate precautions are required to be taken in all the offices/campuses/guest houses/Residential buildings etc. by officials concerned of Irrigation & Waterways Department to prevent breeding of mosquito larva in any building/land/other asset maintained by this Department. The matter of preventing water-borne diseases has been taken up at the highest levels in the State Government and all the Government Departments were advised to take-up appropriate measures to combat Dengue and other vector borne disease. Now, I am directed to inform all concerned of Irrigation & Waterways Department to ensure the following:

- i) All open pits where water might accumulate and remain stagnant are to be closed down immediately.
- ii) Drainage is to be ensured so that water does not accumulate at any part.
- iii) Construction sites have to be specially monitored so that mosquito larvae does not breed in the site. Debris should be removed regularly. No water should be allowed to remain stagnant at the site.
- iv) Air Condition Machines should be cleaned regularly and water accumulation prevented.
- v) Rubbish/ garbage/ debris should be removed.
- vi) Unwanted vegetation should be removed.

- vii) Cleaning of drainage channel, in KMC and adjoining municipal areas is to be ensured through Annual Maintenance.

Concerned Engineer Officers shall inspect the assets within their jurisdiction regularly and ensure that the above mentioned action is taken.
