

Salient Features of Major /Medium Irrigation Projects

- Name :
- Purpose (Irrigation or Multipurpose) :
- Type (Major / Medium / Minor) :
- Status (ongoing / completed) :
- Basin :
- Sub-basin :
- River :
- Year of approval(By State Govt.) :
- Year of commencement :
- Year of completion :
- Approved cost :
- Actual cost :
- Districts benefitted :
- Cultivable command area :
- Ultimate irrigation potential :
- Irrigation potential created :
- Max. irrigation potential utilized :
- Name of dam :
- Location of dam :
- Type of dam :
- Length of dam :
- Nos. of spillway gates :
- Catchment area (upto Dam) :
- Submergence area of reservoir :
- Design discharge of Spillway :
- Max. flood level :
- Full reservoir level :
- Gross storage capacity :
- Live storage capacity :
- Name of barrage :
- Location of barrage :
- Length of barrage :
- Nos. of gates :
- Design discharge :
- Optimum pond level :
- Nos. of head regulators :
- Canal discharge :

- Length of main canals :
- Length of distribution system :
- Total no. of structures :
In main canal and distribution system
Except head regulator of main canal
