Sub: Taking up of routine maintenance works relating to flood control and irrigation management, in the current pre-monsoon working season of 2019.

The undersigned is directed to state that as a part of the standard operating procedures, routine maintenance of the flood management and irrigation assets of this Department are taken up every year during the pre-monsoon period upto 1<sup>st</sup> week of June, for flood control and for the Kharif irrigation period during monsoon. Accordingly, following categories of routine maintenance works may be taken up within the ceiling limit of maintenance funds that have already been allocated to the Divisional Engineers, after observing due formalities:

- (a) Restoration of flood embankments, riverbank protection, desiltation & removal of water hyacinth and other wastes from drainage channels, repair of structures, maintenance of pumps and pumphouses, setting up of temporary pumps, repair of essential bridges and inspection paths and procurement of flood fighting materials like polybags, bullahs, bamboos, sand / earth etc.
- (b) Desiltation of irrigation canals, repair of structures including dam and barrage gates etc. required for irrigation management during the 2019 Kharif season.
