Secretary took the chair. Financial Advisor, Chief Engineer (South West), Chief Engineer (West) and other officers remained present.

The following were discussed:

1. Technically sanctioned DPR of 10 no. of new schemes at an aggregate cost of Rs. 104.81 crore were initially placed in the meeting. Further proposals for 2 no. of new scheme were placed in the meeting.

2. A threadbare discussion was held on the technical aspects of each of the schemes. The scheme for construction of CC road within PS Amta was dropped, as 2.0 m wide road is inadequate and needs to be recast into at least 2.5 m, and secondly, M-30 grade of concrete is not permitted. The scheme for construction of spurs on Rupnarayan was also dropped as site condition requires bank protection work.
3. The DSC scrutinized the remaining 10 no of DPRs` in conformity with the Departmental manuals and necessary minor corrections in costs were made.
4. Nomenclatures of a few schemes were modified to make them commensurate with the capital works and some minor corrections were incorporated.
5. The Chief Engineers certified that there is no duplication of proposals with any other source of funding, and all the schemes have been selected by them on the basis of prioritized ground level requirements.
6. Finally, 10 (ten) no. of new schemes at an aggregate cost of **Rs. 103.64 crore** as per enclosed list (Annexure) were cleared by the DSC for inclusion under State Development Schemes Budget of 2019-20.
7. Tenders are to be invited immediately, expect for the two schemes costing above Rs. 10 crore.
