The scheme under Sl 8 relates to re-sectioning of a channel within river Kaliaghai for a length of 14.5 km for providing immediate relief from water logging during monsoon in vast areas under P.S Patashpur, Bhagawanpur, Moyna and Sabang. The comprehensive plan to be followed for providing a comprehensive and sustainable benefit in the Kaliaghai-Kapaleswari-Baghai drainage sub basin includes the instant proposal of desiltation under Phase-I, and proposal for construction of a regulator at Chabukia (Mini barrage type) under Phase-II.
