- iv. After opening of Financial Proposal, preliminary summary result containing inter- alia the name of contractors/bidders and the respective financial rates quoted by them will be uploaded in the website portal.
- v. If the Executive Engineer (TAA/QAA) is satisfied that the rate obtained is fair and reasonable

and there is no scope of further lowering down of rate, he may after having the comparative statement test checked by the Divisional Accountant/Divisional Accounts Officer attached to his/her office upload the final summary result containing the name of contractors/bidders and the respective rates quoted by them against each work after acceptance of the rate.

- vi. If there is any scope for lowering down of rate in the opinion of the Executive Engineer / TAA/QAA, as L1 bid is abnormally high much above 10% of the Quotation Value, all the bidders qualified in technical bid will be notified through system generated e-mail and mobile phone sms to attend e-sealed bid Quotation-cum-auction on a predetermined date and time to be held in the office of the Quotation Accepting Authority. Open off-line bids are normally not encouraged from the point of view of confidentiality and transparency. However, in exceptional cases with recommendation and advice of the Government approved Quotation Committee, open off-line bid negotiations with **only the L1 bidder** to lower down the e-sealed bid Quotation cum auction rate may be held by the Quotation Accepting Authority in presence of Quotation Inviting Authority for reasons to be recorded in writing.
- vii. If there is no contractor/bidder or the number of contractors/bidders in the 1st Quotation is less than three, the Quotation has to be cancelled. In case of participation of more than three bidders, technical evaluation is to be done and if the number of technically qualified bidders is less than three (3), the Quotation also has to be cancelled as well and fresh e-Quotation (i.e 2nd e-Quotation or 3rd e-Quotation may have to be invited with lowering of eligibility criteria).
- viii. After holding such e-sealed bid Quotation cum auction, final result after acceptance of the rate by the Quotation Accepting Authority if within the delegated power for acceptance would have to be uploaded in the e-Quotation website. Otherwise the Quotation is to be cancelled and invited afresh.
- ix. The Executive Engineer/TAA/QAA may ask any of the contractors/bidders to submit rate analysis to reasonably justify the quoted rate by that contractor/bidder.
- x. If the lowest bidder/contractor backs out there should be re-Quotating in a transparent and fair manner. In such a situation the TIA/QIA may call for Short Notice e-Quotation with time period as per Government order for re-Quotations, if so necessitated in the interest of public works and take decision on the basis of L1 in the Re-Quotation or subsequent e-Quotation. Penal actions for premature withdrawal by bidder have been stated under clause 8 earlier.

12.4 Quotation Accepting Authority (QAA)

Authority to which the power has been delegated to accept Quotations as per latest Departmental Notification will function as the Quotation Accepting Authority (TAA) for evaluation of technical and financial proposals of works having Quotation value within his/her range of acceptance. As per present delegation, QAA for different Quotations within the range above Rs 0.10 Lakh upto Rs 45.00 Lakh would be as follows:

12.5 Procedure to be followed for acceptance of Quotation

- i. Selection of contractor/bidder should be made on the basis of at least three valid e-Quotations, which shall be opened preferably in presence of their willing agents, if present. If the number of e-Quotations received is less than three, e-Quotation would be cancelled and invited afresh.
- ii. In case of invitation of e-Quotations under two-bid system, if the number of contractors /bidders qualified in the technical bid is less than three, e-Quotation would be invited afresh.
- iii. The lowest Quotation for all works is accepted as a rule. If for any reason the lowest Quotation is not accepted, reference is to be made to the appropriate Government for orders as to which of the contractor /bidder the work should be awarded.
- iv. Maximum 5 % excess beyond 'Quotation Value' (Amount put to Quotation) may be accepted by the Executive Engineer if at least three valid Quotations have been received subject to the

overall power of Quotation acceptance delegated to each level of Technical officers as mentioned in the Department Notification issued from time to time, provided Quotation value after abatement is within the administratively approved cost. In case of excess over administratively approved amount, proposal for revised administrative approval would have to be submitted to the Government, but acceptance of Quotation and issue of work order may not be kept pending for want of revised administrative approval.

- v. Above 5% and up to 10% of the Quotation Value can be recommended for acceptance by the Government appointed Departmental Quotation Committee (DTC) subject to the conditions that valid Quotations should not be less than three and L1 is accepted and Quotated amount is within the administratively approved cost. Prior to invitation of Re-Quotation / fresh e-Quotation, the eligibility criteria and other terms & conditions as contained in the first 'Notice Inviting e-Quotation' (e-NIT) shall have to be reviewed by the Quotation Inviting Authority, to ascertain whether (i) it was too much restrictive, say, specifications and qualifications were fixed at higher standards than required, (ii) advertisements in the widely circulated Newspapers were properly published and (iii) other related procedural matters were observed in its entirety.
- viii. Even if, after taking appropriate steps in regard to relaxation of criteria to the extent as decided by the Executive Engineer and also wider publicity of 2nd Quotation in widely circulated dailies and through web- site, the response to the Re-Quotation is still less than three, that Quotation may be accepted. In terms of Delegation of Financial Power Notification of the Department bearing No. 05-(W)/2015-16 dated 20.11.2015, provided the rates do not exceed the schedule rates (SoR) beyond 5% in case of works estimate and the Quotated value is within administratively approved cost/sanctioned cost. The same procedure is to be followed for obtaining revised administrative approval/revised financial sanction, stated at clause 12.5 (iv) above, would also be applicable here. Otherwise such cases should be referred to the appropriate Government with the recommendation of the DTC for decision.

Time being deemed to be the essence of contract on the part of the contractor; the contractor shall be bound in all cases, to achieve the 'Milestones' as specified in this NIT into various 'Identifiable and quantifiable construction related stages' pertaining to the work.
