

'NOTICE OF CORRIGENDUM' vide NO. 81/1E-9 dated, 27th February, 2017
in connection with e-RFP No. WBIW/SE/NBMEC/RFP-01 (e)/2016-17
Tender ID: 2017_IWD_100129_1

The Project Authority after deliberation with the bidders present in the pre-bid meetings held on 06.02.2017 and on 22.02.2017 and scrutinising the e-mails received from interested bidders till pre-bid meeting held on 22.2.2017 and upon careful review of the contents of the original bid documents in connection with e-RFP No. WBIW/SE/NBMEC/RFP-01 (e)/2016-17 **floated on-line** and on being advised of the Departmental Quotation-cum-Bid Evaluation Committee (QBEC) has decided to insert with immediate effect the **Modified Technical Specifications & Standards** and the **Modified Scope of Work** for the RFP of the project **"Remote monitoring and control of Teesta Barrage and Head Regulator Gates of two off-taking canals at both ends comprising design planning supply installation testing trial commissioning, operation, training and five years extended O & M warranty through a state-of-the art communication based Supervisory Control and Data Acquisition (SCADA) systems including repair, maintenance & overhauling of electro-mechanical barrage components, rust removal treatments and epoxy painting of gates and other structural steel members located at Gazoldoba within P.S Mal & Rajgunj in District Jalpaiguri of West Bengal under Teesta Barrage Project, Irrigation & Waterways Department, Government of West Bengal"**.

The 'Modified Technical Specifications & Standards' and the 'Modified Scope of Work' completely and conclusively supersedes the originally uploaded such documents mutatis-mutandis which are now being published as 'Corrigendum' in the e-Procurement Portals relating to e-RFP under the same EPC-Agreement, BOQ, RFP & RFQ save and except what have been contained there in under.

The bidders while submitting their on-line bids should mandatorily upload this Corrigendum Notice (merged in "e-NOTICE" folder after downloading, digitally signing, and again uploading in pdf format). The Modified Scope of Work is also to be downloaded from Corrigendum1 folder, digitally signed and uploaded in the "SCOPE OF WORK" folder. In the similar manner the "Modified Technical Specifications & Standards" is to be downloaded from Corrigendum2 folder, digitally signed and uploaded in pdf format in the "TECHNICAL SPECIFICATION & STANDARDS" folder failing which their bid will be summarily rejected.

The originally published "SCOPE OF WORK" and the originally published "TECHNICAL SPECIFICATION & STANDARDS" stands cancelled and has no bearing any further and hence not to be uploaded during online bid submission.
