iv. Guidelines for ascertaining similarity in nature of works

- A. Following major items having weightage of 25% or more in terms of monetary value in respect of amount put to Quotation for a work are to be identified and monetary value of each of the major item is to be calculated for any particular work listed in the NIQ by summing up the associated items of the BOQ coming up under any of the major items as described below:
 - a. Earthwork (Type A): Earthwork in dry excavation in irrigation canals / drainage channels or in making

of embankments on river / sea front / drainage channels / irrigation canals from borrow pit earth or transported earth, by manual / mechanical means including leads, lifts, and disposal / transportation etc.

- b. Earthwork (Type B): Earthwork is wet excavation in flowing channels/rivers/reservoirs by barge/pontoon mounted excavators including all leads & lifts and disposal/transportation etc.
 - c. Brickwork /Boulder Masonry Work: Brickwork/boulder masonry work and cement plaster, excluding brick block pitching and similar works.
 - d. Concrete work (other than for Buildings & Roads): RCC, PCC of all grades with reinforcement steels of concrete in hydraulic structures (i.e. structures on or across rivers / streams or jhora/ sea fronts/ drainage channels / irrigation canals excluding C.C block pitching / lining works) including Formwork and staging etc complete.
 - e. Structural Steel works: All types of structural steel works including M.S Sheet piles supply, fabrication, erection / installation etc. complete.
 - f. Protection work (Type A): C.C blocks / Cement concrete lining/toe walls/boulders of all kind, dry brick pitching / brick block pitching/boulder pitching/loose boulder apron/crated boulder dumping/brick bat dumping for sausage or aprons or under water scour depth filling by boulders / brick bats in geo-bags / nylon crated bags/laying of inverted filters below pitching (conventional or geo-jute or geo-synthetics) including supply, carriage and laying at site etc complete.
 - g. Protection work (Type B): Protection work with bullah and bamboo, porcupine cages / groyne or spurs and marginal embankments or levees, pitching by geo bags or polythene bags or crated polythene bags, including supply, carriage, placing / driving in position at site.
 - h. Road work (Type A): All items related to construction / renovation /improvement of bituminous roads/rigid & concrete pavements etc.
 - i. Road work (Type B): All types of fair weather roads involving use of boulder/brick bats/jhama bats/river bed materials/moorum etc.
 - j. Building works: All items related to brickwork, cement concrete work including reinforcement steel, scaffolding staging and shuttering, plastering, painting and flooring of buildings etc.
- C. If value of summation of those items contained in the BOQ or gross completed bill value of the CC (excluding contractual rate), related to at least one of the major items stated in the financial requirements at column 8 of the list of works is equal to or exceeds the amount of any one of financial requirements specified at column 8, the CC of that work may be considered as similar nature of work subject to fulfillment of the following conditions:
- a. After summation, the value may further be multiplied by the factors stated in the table under clause 7 (ii) to take care of the inflationary factors.
 - b. Whenever credential of individual entities of a Consortium is considered, multiplying factor of 0.30 stated in Clause 7 (iv) (B) should be considered as 0.90 of combined values of the BOQ, or gross combined final values of each of CC of the individual entities satisfy the requirement stated in Clause 7 (iv) C(a) above.

Eligibility criteria for participating in more than one Quotation in a NIQ Normally separate Completion Certificate (CC) of 100 % completed works is to be provided for participation in separate works in a particular NIQ. However CC for one particular work may be considered as eligible for participation in maximum 2 nos of SI, provided required credential for two such works (to be arithmetically added for identical major works) satisfies the requirements in all respect for one such completion certificate.

Monetary value (Amount put to Quotation without considering contractual rate) of the 100% completed work or gross final bill value (excluding contractual rate) including supplementary/substitute supplementary, as the case may be, thus submitted will be further multiplied by the following factors to

take care of the inflationary effect to arrive at the net notional amount.

Year	Description	Multiplying factor to arrive at net notional amount
Current	-	1.00
1st	1 year preceding the current financial year	1.08
2nd	2 years preceding the current financial year	1.16
3rd	3 years preceding the current financial year	1.26
4th	4 years preceding the current financial year	1.36
5th	5 years preceding the current financial year	1.47

- (iv) Any suppression or misrepresentation of Fact will automatically debar the applicant from participating in any Quotation under the Division for at least 3 (three) years from date of Detection in addition to such other penal action as the Government may deem proper.
- c) Intending Quotationers having not satisfied with the decision of the Quotation Paper Issuing Authority may prefer an appeal to the next superior Officer.
